Subject: Jeffrey Epstein-Apartment for Swedish Girl

Date: Mon, 02 Mar 2015 17:47:15 +0000

HI Kim...Eva called re an apt for a swedish girl for 10 days...due to renovations going on and several other guests coming/going and staff...we can accommodate this girl but she will have to move apartments at the end of the week...We can put her in 11B starting today (code is 61201) On Friday, she will need to move to 8A (but there are several moving parts this day...she can move in to 8A after the girl currently in there moves in the morning, then the maid needs to clean, then swedish girl can move in to 8A) So Friday she will need to be understanding...We will need her out of 11B in the morning (9am please!) so we can clean for the guest who is due to arrive and stay there as well!

Sorry for all this, but probably better than having to stay at a hotel.

Can you please forward me the swedish girls name? What time did she want to arrive today?

Thanks, Lesley
